

Deadline for submission of abstracts to NSFS conference 2019 is extended

The NSFS acknowledge a great number of abstracts already submitted to the conference. Due to several requests by potential participants, the congress organizers has decided to extend the deadline for submission of abstracts until **15 February 2019**.

NSFS Conference – registration open

It is my pleasure to inform You that the next NSFS Conference will be organized on 10-14 June 2019 at the Hanaholmen Cultural Centre in Espoo near Helsinki, Finland. The theme of the Conference is “Next Level in Radiation Protection”. You will find more information in the Second Announcemet from the webpage www.nsfs.org and the Second Announcement is also attached to this e-mail. The registration is open and we are looking forward to receive your abstracts on various interesting topics that are listed in the [Second announcement](#).

You are warmly welcome to the Conference! See you there!

Best regards,
Ritva Bly
President of NSFS
