

Membership

As ordinary members may be elected any person interested and actively involved in radiation protection issues from Denmark, Finland, Iceland, Norway and Sweden and other countries, who has been proposed by two members. Qualified for election are those who have graduated from a university or high school or who through specialist studies and professional activities have achieved knowledge and experience which are consistent with the aim of the NSFS.

Membership fee

- For the 2016-2019 period the membership fee is 40 euro.
- New members pay 1/3 of the ordinary fee for the period
- There is no membership fee for retired members, provided the Board have been notified of the retirement in writing
- There is no membership fee for honorary members
