

Radiation Protection Today magazine

The UK Society for Radiological Protection now publishes a magazine **Radiation Protection Today** twice a year. Each issue has 40 pages of features and articles and all the issues are available at www.srp-rpt.uk

The current issue has the theme of 'Decommissioning' and includes articles on Mobile Robotics in Nuclear Decommissioning, Decontamination Techniques, Cleaning Up Legacy Radium Contamination, Progress on Decommissioning at Sellafield Site.

The magazine is FREE and the intention is for it to reach as wide an audience as possible. It can be downloaded and printed via the link and previous issues are accessible via the menu (publications panel).
