

Program details

Conference 2025 Book of Abstracts

Individual contributions

Some of the contributions from the conference have been made available by the authors.

M3-1: Invited talk: New methods and new tools for measuring dose to personnel
Erlend Andersen

J1-2 Invited talk: Nordic cooperation and clinical trials in proton therapy
Einar Dale

L1-3: Removal of the Co-60 sources from the gamma irradiation facility at IFE NUK Kjeller: A pre decommissioning activity
Maria Due-Hansen

L3-1: Radon Management in the Nordic countries
Ingvild Finne, DSA

M1-4 Legal: Framework and Practice: Clearance of remediation materials in Austria
Viktoria Herzner

M2-4 Lead the Way: Challenges With Implementeing New Lead Shielding Recommendations
Olivia Hjertø

Workshop: Radiation protection for pregnant workers in healthcare
Tanja Holter, Kari Helland and Karolina Berg

L1-2: Enhancing radiological impact assessments to better support reaching a consensus on their sufficiency among stakeholders

Ari Ikonen

M4-1: Shaping the future for improved quality and safety in the medical use of ionizing radiation: PrISMA, a preparatory Joint Action
Trude Dahl Jørgensen, DSA

M1-1 Invited talk: Emergency preparedness in SMRs
Jukka Kupila

L2-3: Localization and depth determination of radioactive contamination inside a decommissioning NPPs Viktor Lehmann

L2-2: A plan for decommissioning of a medical cyclotron vault
Ingunn Løvik

M1-5: An AI, and Digital Twin-Inspired Approach to Modern Radiation Protection
Niels-Kristian Mark

M2-1: Recommendations for Thyroid Follow-up after a Radionuclear Event
Joachim Nilsson

L2-4: A Decommissioning plan for a proton therapy facility
Kristin Ramberg

L1-4: Downblending of Norway's Highly Enriched Uranium
Tore Ramsøy

L1-5: Decommissioning of a RADON-type radioactive waste storage facility in Tammiku, Estonia
Siiri Salupere

L3-4: Estonian nation-wide survey on indoor air radon in dwellings
Siiri Salupere

L2-1: Depletion and activation analysis of the JEEP-I reactor using SCALE

Tony Skovli

J1-5: Participation in and Nordic influences on ICRP

Jack Valentin

Bo Lindell Lecture: From X-rays to AI

Hanne Waltenburg, Danish Health Authority
